

ORLEN OIL MINERAL SN 15W-40

Product description and application

High quality mineral multi-seasonal engine oil. Dedicated for petrol and diesel engines operating with and without turbochargers in passenger cars and trucks where it is allowed to use oils of this quality class.

Characteristics

- it ensures reliability in difficult conditions,
- it enables easier start of the engine in winter,
- it prevents the formation of sludge and carbon deposits,
- it reduces the wear of engine components

Specifications and Approvals

- SAE 15W-40
- API SN/CF
- ACEA A3/B3
- MB 229.1 (meets)
- VW 501.01/505.00 (meets)

Typical parameters

Requirements	Test methods according to	Unit	Value
Kinematic Viscosity at the temp. of 100°C	ASTM D 445	mm ² /s	13.5-16.3
Pour point, not higher than	ASTM D 97	°C	-30
Flashpoint, not higher than	ASTM D 92	°C	210
Viscosity index, not lower than	ASTM D 2270		130
Base number, no lower than	ASTM D 2896	mgKOH/g	8.0
Sulphated ash content, not more than	ASTM D 874	% (m/m)	1.5

The above figures are typical of those obtained with normal production batch, they are not a technical specification, due to continuous development of the product, they may change.
